

Tuesday, 15th February

Time¹	Title	Presenter	Affiliation
16:45-17:00	Welcome and Workshop Overview		
17:00-17:40	A new shape of extremal clusters for certain stationary semi-exponential processes with moderate long range dependence	G. Samorodnitsky	Cornell University
17:50-18:30	Compressive sensing in impulsive environments	J. Nolan	American University
18:30-18:40	Break		
18:40-19:20	Glancing upon Stochastic Analysis	B. Zangeneh	Sharif University of Technology
19:30-20:10	Simulation of Tempered Stable Distributions	E. Salavati	Amirkabir University of Technology
20:10-20:20	Break		
20:20-21:00	MRL in Semi-Markovian Reliability Systems	K. Khorshidian	Shiraz University

1- All times are in Iran local time.

Wednesday, 16th February

Time ¹	Title	Presenter	Affiliation
17:00-17:40	Modeling Covid-19 Data	A.R. Soltani	Kuwait University
17:50-18:30	Local limit theorem for linear random fields	Y. Xiao	Michigan State University
18:40-19:10	Memorial of the late professor Mandrekar: Life and achievements of professor V. Mandrekar	L. Gawarecki	Kettering University
19:10-19:50	رگرسیون دم‌بریده برای داده‌های دم‌کلفت	A. Mohammadpour	Amirkabir University of Technology
20:00-20:40	Moment properties of spatial log Gaussian Cox processes	F. Nasirzadeh	Jahrom University
20:40-20:50	Break		
20:50-21:30	Comparison of Portmanteau Tests for INAR(1) model with Binomial thinning operator	K. Foroghi	Shiraz University

1- All times are in Iran local time.

Thursday, 17th February

Time¹	Title	Presenter	Affiliation
17:00-17:40	Review of some asymptotic theory for unit root problem	M. Zarepour	Ottawa University
17:50-18:30	A review on the strong Gaussian approximation of empirical processes and its applications	V. Fakoor	Ferdowsi University of Mashhad
18:30-18:40	Break		
18:40-19:20	Semi-Markov Modeling of Standby Systems with N Components and N Redundant Units	K. Khorshidian	Shiraz University
19:30-20:10	معرفی چند آزمون برای وجود روند در داده های تابعی وابسته به زمان	S. Ramazani	Shiraz University
20:10-20:20	Break		
20:20-21:00	Generalized Autoregressive Models	A.R. Nematollahi	Shiraz University
21:00-21:30	Closing of the workshop		

1- All times are in Iran local time.
